

MSU Summer Scholars Sponsor Pledge

Mississippi State University's Summer Scholars Program offers two residential camps for gifted and talented students who have completed grades seven through twelve. The camps emphasize the well-being of each student through a careful blending of academics, recreation and personal and social development. Public school teachers, college students, and university faculty combine their talents to facilitate the writing, direction, and production of an original musical comedy. The cost of the 3-week camp is \$1950. The cost of the 2-week camp is \$1,350.

The camps are not funded by the university. The primary support for the camps is tuition. However, additional support can be provided by donations from sponsors, patrons, and organizations. A sponsor's contribution to the MSU Summer Scholars Fund is a tax-exempt donation. Donations are used to assist with camp tuition and scholarships for designated students. To become a sponsor, complete the information requested below.
